

Universitas Forum has just published its most recent issue on **innovative practices of inclusive urban development and poverty reduction**. *Universitas Forum* uses open-source publication software and all articles can be downloaded and viewed free of charge. Article abstracts can be viewed in any of the journal's four languages: English, French, Italian and Spanish. Full texts are published in the original language, unless authors have provided translations. To view, choose the corresponding language in the menu to the right.
